

Advanced Sports Medicine Week 1 Assignment

1. Webography

Find 5 home web pages that will be useful to you and the rest of the class this year. The Webography will be useful in finding information on Sports Medicine, injury prevention, injury recognition and injury evaluation.

Only home pages are allowed. Links off of a web cite will not count.

Only one site per student. There will be a list to record your findings.

You will include the name of the cite, the address, what is on the web cite, and why you think this cite will be useful and what type of information can be found. This will be done for each home page found.

Advanced Sports Medicine Week 2 Assignment

1. Design a Power point presentation for an assigned Orthopedic Surgery.

****Include as many pictures as possible*

- What is the injury
- What causes the injury
